

Goodyear Gauntlet High Pressure Hose

Product Description

This hose has been designed specifically for food factory washdown systems. The tough Carbryn® outer cover resists attack from chemicals and abrasion which ensures that the cover stays intact and does not peel away. The steel braiding is galvanised and resists corrosion which adds to hose life.

The effect of this is a hose which:

- Greatly outlasts conventional hoses
- Is more lightweight and flexible than conventional hoses
- Offers pay back to the customer in reduced hose costs and down time.
- Is available in four colours for colour coding purposes

Technical Spec.

- 0.42 kg / metre
- -29°C to + 121°C Temperature rating
- 300 bar, 4500psi rated.
